Dear Carolyn,

I wanted to write to say thank you to the West Vancouver School Board for its successful application to the province for additional school transportation funding for Bowen Island.

Scott Slater wrote to the BICS parents with the good news but there seems to be some confusion within the community in regards to whether the funding will cover additional runs on Bowen for High school students. I was wondering if you might be able to confirm whether the transportation grant will include school bus runs for Bowen High school students to and from the Bowen ferry terminal.

Many thanks,

Melanie

Melanie, good afternoon,

Thank you for your email; we, as you know, are also very pleased that we have been able to return Friday service to Bowen.

To clarify, both elementary and secondary students will benefit from the increased service levels. My understanding is that an email went out this morning to Bowen parents who have children at Rockridge, reminding them that service begins tomorrow. The municipality is also aware of the changes, and I believe they are communicating out as well.

Sincerely,

Carolyn
