

The Junior Prospects Hockey League partners with West Vancouver Schools

WEST VANCOUVER, BC – January 19, 2023

Silent Ice Sports & Entertainment are pleased to partner with West Vancouver Schools in the announcement of the newest member of the Junior Prospects Hockey League (JPHL). The partnership's inaugural year will include one male U14 hockey team representing the Vancouver region. Commencing September 2023, student-athletes selected for the U14 West Vancouver Reign will be attending West Vancouver Secondary School and training at Burnaby's 8-Rinks Scotia Barn.

"The Junior Prospects Hockey League is very excited to have West Vancouver Secondary School join this league," said Commissioner, Richard Nault. "The school district has been at the forefront for over a decade developing, operating, and supporting many very successful sports programs, including ice hockey. The JPHL was created to deliver the highest standards for our student athletes and their families, which is why West Vancouver Schools are an excellent partner for our league."

West Vancouver Schools Director of Instruction, Diane Nelson, is thrilled to be personally involved in the educational side of the partnership. "We are so pleased to be working with the JPHL, with their dedication to helping student-athletes achieve their goals on and off the ice," says Nelson. "Our flexible schedules will allow these young athletes to balance their academic and athletic commitments, providing them with the best opportunity to succeed in both arenas and prepare for their futures."

"We are committed to providing our students with the resources and support they need to excel both on and off the ice and in the classroom", says West Vancouver Secondary School Principal Steve Rauh. "We believe JPHL will be an excellent opportunity for our students to pursue their hockey goals while receiving a first-class education."

The Hockey Academy is dedicated to the development of elite hockey players and providing them with the skills and training necessary to compete at the next level. West Vancouver Schools and Silence Ice Sports & Entertainment look forward to a successful partnership and the opportunity to provide student-athletes with the best education and hockey training available.
