SOGI – Sexual Orientation and Gender Identity and Expression –

- I will be going over a general overview of this topic and the origins.
 - Intent is to provide some background understanding
 - Any deeper or more lasting questions – contact myself, your teachers, documents from the Superintendent (attached with minutes).
 - With the redesign of our BC curriculum for our elementary age group has included some opportunities for educators to discuss some topics related to SOGI in a more inclusive way.
 - **It is not an optional curriculum – school districts serve at the discretion of our provincial government and are required to implement these changes**
 - **SOGI is mentioned as a curriculum but this is not a very accurate description–** there is no binder or mandate for
-

instructions. It is more of guidelines for inclusions and not a set curriculum that must be followed.

Parent Questions

- **Question** - Is there opportunities to explore carpet donations for certain things? Corporate sponsorships
 - The school would be open and welcome to any additional funds for the school.
 - Spring Fling will have all proceeds going back to the CPAC so any sponsorships that people are looking to put forward we have several items they could sponsor for the event.
