HAPPY NEW YEAR CHARTWELL

We would like to take this opportunity to wish everyone in our school community a joyful and healthy new year. Staff and students were excited to reconnect this week and to re engage in learning activities.

RETURNING TO CHARTWELL FOR THE 2024 - 2025 SCHOOL YEAR?

As we are currently accepting new registrations for the 2024-25 school year, we are trying to predict as closely as possible whether or not we have room for those new students interested in joining our school. We understand that job transfers happen and relocations can occur without much notice; however, please indicate to the best of your knowledge whether your child will not be returning to us in September (and we certainly hope he/she will be!).

This will greatly assist us in knowing how many spaces are available. Please note that if you are planning to return to Chartwell, students are expected to be present (at school) by September 5, 2024 to guarantee their spot for the 2024 - 2025. Students not in attendance will be removed from the school's register. If you know you will not be returning to Chartwell please let Ms. Douglas know in writing as soon as possible. jdouglas@wvschools.ca

STUDENT LEARNING UPDATES Have you printed a copy of your term 1 Report Card?

Student reports were posted on the Family Portal. **Please print a copy for your records as soon as possible and retain it for your records.** The district has provided a great deal of useful information and has answered FAQ about the Family Portal at this link: <https://westvancouver.schools.ca/family-portal>

Please contact Ms. Douglas at jdouglas@wvschools.ca if you need further assistance.

Cybersafe from Exploitation

Parent Presentation

What does exploitation have to do with cyber safety?

Most often times referred to as "sexual exploitation", it involves a minor being taken advantage of sexually. The majority of sexual exploitation is now facilitated digitally through gaming platforms, social media, live stream, and more.

Forms of online sexual exploitation include grooming by predatory people, digital blackmail, intimate image sharing, or sugar daddy scams.

What you'll learn:

Our approach to cyber safety is to address the root causes that would lead to exploitation, as well as provide tangible strategies to break down vulnerabilities that would lead children and youth into online sexual exploitation. Some topics covered include:

- Defining sexual exploitation and why online poses more risk
- Current online exploitation trends
- Effective language to use when talking to kids/ teens
- The red flags and warning signs of grooming
- Sexting, digital consent, and the law
- Digital blackmail into sextortion, trends, and what to do
- Information sharing- What is and is not okay
- High risk behaviours on social media platforms
- Addressing risks associated with online gaming platforms
- Age of consent laws and how they can help you as a parent
- How to have effective conversations with your child/ teen
