**Parent's Guide to Discord**

**General Information**  
Discord is a communication platform that allows users to interact via text, voice and video. It was initially used by gamers but now has spread to many other groups.

**13**  
Discord's own policy states that users must be 13 or older. For a person who is younger than 13 to create a Discord account, they have LIED about their age. Unfortunately, students as young as 10 and 11 years have gotten caught up in cyber-bullying and inappropriate activities on Discord.

**Public & Private Spaces**  
Discord has PUBLIC spaces (servers) that are available to all. Anything your child posts there can be seen by anyone. PRIVATE spaces are by invitation only.

**Livestream**  
Users can stream live video of themselves on Discord, for others to watch. Whether they are on a PRIVATE or PUBLIC server, this could expose them to people they don't know. By watching other people's livestreams, they could be exposed to information that is inappropriate, violent or sexual in nature.

**Did You Know?**  
In Canada, cyberbullying and child pornography can be criminal offenses. If your child participates in either of these, while using Discord (or other social media), you, as the parent, can be held liable for what they have done, and be prosecuted by law.

**Discord at School**  
West Vancouver Schools DOES NOT allow students to access Discord while using school wifi.
