E-BULLETIN

MORNING DROP OFF

Please help us remind your children of the expectations in the morning. If they arrive before the 8:30AM drum, students are expected to play outside and not be inside the building. This is valuable time for staff to prepare for the day, and we have seen an increase in the number of students hanging out in the hallways or trying to put their things away in their lockers/classrooms. Thank you for your support.

PERSONAL ITEMS AT SCHOOL

We are seeing more toys and personal items coming to school, which can sometimes create distractions or worries for students. To help keep school days calm and focused on learning, we kindly ask that families avoid sending personal items and toys to school unless there is a school event where shopping is permitted or a teacher has requested an item for a classroom project. Please speak with your children about leaving things at home. Thank you for your continued support and partnership.

Call Back for Lates and Absences

Please remember to either **email us** at aatkinson@wvschools.ca or call the office at (604) 981-1380 if your child will be late or absent from school.

Weather Closures and Procedures

The district aims to keep schools open on every regular instructional days, including those with snowfall. However, the final decision to send students to school resides with the parent/guardian, as they are most familiar with the specific road and weather conditions around their home and community. Any decision to close schools will be made by the Superintendent and will be based on the safety of students and staff. Efforts are made to communicate this information to parents/guardians by 6:00 a.m. on the day of closure. **Please check the [school district website](#) for the most current information on school closures.**

School closures may also appear on several local news sources including:

DPAC *parent evening with* Sarah Ward on Executive Functioning

Wednesday, January 28th
\$20 per ticket

Sarah Ward is an internationally recognized expert in executive function. Her practical, research-informed strategies are widely regarded as groundbreaking in supporting student learning and independence.

Drawing from executive function coaching approaches used with elementary, secondary, post-secondary students and adults, this session will help build academic success by exploring time management, task prioritization, long-term project planning and the development of independent learning habits.
