Summary of Learning – Final Report Card

The Summary of Learning is a written report that describes and summarizes student learning and growth across the year (not just learning that occurred in the Term Three). The Summary of Learning contains the same elements as the Learning Updates your child received at the end of Term One and Term Two (scale indicator, descriptive feedback, as well as self-reflection/goal setting). The descriptive feedback is reflective of the year and communicates strengths and areas for growth to prepare students for the next grade or course.

Your child(ren)'s Summary of Learning will be available via the MyEd Parent Portal on Thursday, June 27th, 2024. In preparation, please be sure you are able to access the MyEd Parent Portal. For support, please [CLICK HERE](#). For an instructional video, please click below.

If you are having difficulty accessing the portal using the resources above, please contact Mme Frezell at mffrezell@wvschools.ca.

Returning to Cedardale? Planning your summer holidays?

As we are currently accepting new registrations for the 2024-25 school year, we are trying to predict as closely as possible whether or not we have room for those new students interested in joining our school.

We understand that job transfers happen and relocations can occur without much notice however, please indicate to the best of your knowledge if your child will **not** be returning to us in September (and we certainly hope your family will be!). This will greatly assist us in knowing how many spaces are available.

If your child will **not** be returning to Cedardale for the 2024-2025 school year, please contact Mme Frezell at mffrezell@wvschools.ca.

Please note that if you are planning to return to Cedardale, learners are expected to be present (at school) by September 5, 2024 to guarantee their spot for the 2024-2025 school year.

Multi-Age Classes

Each year, schools work collaboratively to create classes that are balanced and provide a culture for all learners to thrive in. Teachers, principals, and district specialty staff begin this process in the spring of the previous school year and invest a great deal of thought and effort into making the best educational decisions for organizing and placing learners into classes.

Multi-age/combined configurations are done with great care, and are very common across West Vancouver, the province, and the country.

Factors that Ecole Cedardale considers for classroom configuration and placement include:

- Unique individual needs
- Learning styles
- Class size and composition requirements
- Curricular demands of the IB programme
- Enrollment demands
- Social/emotional needs
- Past friendships and possibility of new and fresh friendships

When school staff return in September, changes to school enrolment have often occurred over the summer. Changes include new families registering and other families informing the school that they will no longer be returning. This sometimes means that new class configurations and placements need to occur at this point in time. We are looking forward to the end of a wonderful school year, a restful summer, and anticipate a welcoming start to 2024-2025!

Library Books ARE NOW DUE

As we are now into the last few weeks of school, we would like to remind all students to return overdue library books.

Book exchange is now complete for the current school year and we are hoping to get all the books back to the library as soon as possible.

Overdue notices will be sent home with students this week. Please do not hesitate to reach out should you have any questions.

Thanks so much for your support throughout the year! 😊
