

LEGACY TEAM FUNDRAISING 2023-25

“LEGACY” is the PAC Team that is responsible for special project fundraising. After a very successful poll of students** and in consultation with the school administration, we’re pleased to present a focused list of projects that reflect the wishes of our students and amplify our commitment to building a more inclusive and vibrant community at Sentinel.

These projects enhance the *experiences, spaces and activities* of our students. They vary in both timelines and capital requirements.

Over the next year, we want to raise **\$20,000**. This should allow us to fund “**indoor and outdoor social spaces projects**” and mentor the volunteers to continue future fundraising.

Here’s how we believe we can meet this goal:

We will host “Social” evenings for parents at a local restaurant/bar for each grade - starting with **Grade 8 parents on March 12th, 2024, and Grade 9 parents in April**. The goals are to build our parent community and raise \$4000 per grade. If only 40 families per grade donate \$100, we can achieve our goal, as well as build momentum together for the more ambitious projects for our children.

Stay tuned for more details soon by email about these socials.

We are also looking for organisers for Grade 10 and 11 parent Socials – they will benefit from the successes and learnings from the Grade 8 and 9 events, and we’re always looking for more fundraising volunteers!

For more information, please contact Legacy Lead, Sam Ridgway at sam@learnandexperience.com

LEGACY PROJECT PRIORITIES*	TIMELINE
Indoor social spaces (adding furniture and art, removing some lockers, construction, and easing pressure on cafeteria)	12-18 months
Outdoor benches/tables	12-18 months
Outdoor ping-pong tables	12-18 months
Gym Floor & Upgrades (Subject to feasibility study & approval)	12-18 months

*Field Trips were also a high priority on the student survey and therefore PAC will make a \$5000 donation to this fund now, and may add more in future years
