AI Literacy Lessons

This school year, our district is introducing a series of AI literacy lessons to help students build essential knowledge and understanding of artificial intelligence. Approximately once a month, students will participate in short, age-appropriate lessons that explore key concepts and responsible use of AI. This month, primary students learned about what Artificial Intelligence is, intermediate students explored bias and effective prompting, and secondary students examined prompting, bias, and hallucinations. As AI becomes increasingly present in our everyday lives, these lessons are designed to provide our students with an understanding of the technology, as well as the skills to use it safely, ethically and responsibly.

Parents' Guide to Social Media and Digital Devices Updates:

Over the first term, students and staff have worked hard to follow the West Vancouver Schools Personal Digital Device (PDD) expectations. Classrooms are more focused, transitions are smoother, and students tell us they can concentrate better without the pull of their phones. Thank you to families for reinforcing these habits at home.

As we return to school after the winter break, please help us keep this momentum going by reminding your children of the digital device expectations while at school.

What's expected at school:

- **Elementary (K–7):** Cell phones are not used during the school day, including before and after school and at recess and lunch times. Laptops may be used to support learning during instructional time, only with explicit staff permission.
- **Secondary (8–12):** Cell phones and other digital devices should only be used during instructional time with explicit staff permission. Device use should be intentional, supervised, and tied to learning.

How families can help: Parents and guardians are encouraged to support schools by demonstrating these expectations whenever possible. This includes limiting adult cell phone use in and around school and refraining from contacting your child during school hours. For a one page overview of expectations, [see our Parent & Guardian Infographic](#).

Parent Literacy Workshops

Join us for an engaging session on supporting your child's literacy and language development. Presented by West Vancouver Schools in partnership with the West Vancouver Memorial Library, these workshops will explore practical strategies to foster a love of reading, build foundational skills, and create strong home-school connections. Sessions will include insights from district educators and library staff, highlighting local resources that help every child thrive academically. Check more information on the poster [HERE](#)!

All sessions will take place in Welsh Hall at the West Vancouver Memorial Library. Session dates are as follows:

- *January 27th - Parents of Grades 4 – 7 students*
- *March 3rd – Parents of Grades 8 – 12 students*

Physical Activity and Physical Literacy

Physical literacy is the motivation, confidence, physical competence, knowledge and understanding to value and participate in physical activities for life. Children and youth become physically literate through physical activity, which develops **movement skills** that **enable participation** in activities as they age. Getting active early increases the likelihood that participation and its benefits will continue into adulthood. West Vancouver School District aims to provide safe and varied opportunities for movement. Please click [HERE](#) to find out more resources.

Parent Guide to Discord

Please review the most updated WVS Parent Guide to Discord [HERE](#). If you have any questions, please feel free to contact us.

Food Security Plan

As part of the Ministry of Education and Childcare Feeding Futures initiative, the West Vancouver School District has established a food security structure to confidentially assist students and families. The West Vancouver School District Food Security Plan will help students and families by providing confidential financial support for families facing food insecurity. Families are encouraged to reach out directly to our principal, Mr. Mike Finch at MFinch@wvschools.ca or to feedingfutures@wvschools.ca if they need support with food-related costs. Please be assured that all requests will be addressed with sensitivity, respect, and confidentiality.

Optional Accident Insurance for Families

Each year the school district reminds families that they have the option to purchase insurance coverage against accidental injury, unexpected medical expenses, and critical illness. There are many different voluntary plans that provide coverage for students and their families against accidental injury, unexpected medical expenses, and critical illness. Families are encouraged to do their due diligence when choosing a provider.

ANNOUNCEMENT — BIG&LIT DESIGN AWARD

"InnoHub proudly presents the Big&Lit Award, a nationwide design competition inviting students ages 8 to 25 to design a new urban landscape bridge connecting two parts of the city across Highway 1 in North Vancouver.

Entries will be judged in three categories: Elementary School, High School, and University. Projects will be evaluated on creativity, clarity of concept, and how effectively the design connects the two sides of the city.

In addition to being a strong portfolio piece, winners will receive scholarships, mentorship, and up to \$1,500 in prizes and art pieces. Submission guidelines, jury information, and award descriptions are available at [bigandlit.com](https://www.bigandlit.com).

Submission Opens: December 15, 2025

Submission Deadline: February 28, 2026

Award Ceremony: May 8, 2026, at Polygon Gallery, where the Mayor of the City of North Vancouver will present the awards.

The Big&Lit Design Award is supported by the City of North Vancouver, UBC, and Polygon Gallery. Winning projects will also be published in Canadian Architect, ArchDaily, and Domus Magazine. You may also subscribe to our mailing list on the website to receive all competition updates." website: <https://www.bigandlit.com/>
