**School District Budget Process - Opportunity for Input** WVS is engaging with schools and partner groups for input in the budget planning process. All PACs and interested individuals in the school community are invited to complete a budget feedback form, and submit it to the district by **Tuesday March 2nd**, by email to Amanda Barr ([abarr@wvschools.ca](mailto:abarr@wvschools.ca)). Submitted information will be presented at the Finance & Facilities meeting **on Tuesday March 9th**, and will be used by staff as they prepare recommendations for the 2021-22 preliminary budget, and by the School Board in their budget decision making process. Feedback is meant to be a summary of views, and does not need to be ranked in order of importance.
