Classroom Placement Process for September 2025

During the months of May and June, school staff begin the process of planning for the next school year. Plans are tentative given the everchanging landscape and West Vancouver Schools' commitment to finding spaces for every student needing one. At this point, we anticipate most, if not all, of our classrooms will continue to be composed of combined (split) grades.

Our class placement process ensures that thoughtful consideration of each child's social, emotional, and academic needs are aligned with the need to create balanced and effective learning environments. The assignment of students to classes is decided by a team, which includes the School Based Resource Team, a child's current teacher, non-enrolling teachers, support staff and the administrators. The professional team considers each placement carefully as they create classes that include a wide range of students who learn in

a variety of ways. In addition to individual circumstances, criteria considered in the placement process includes:

1. Workable instructional groups considering:
 - the child’s academic needs and strengths;
 - teaching and learning styles;
 - the child’s work habits
2. Positive social groups considering:
 - placements where a child can work positively and productively with other children in the class;
 - peer supports or conflicts;
 - establishing the presence of positive leaders in each class
3. Balanced classes considering:
 - the differentiated needs of students;
 - social, emotional, and academic needs and abilities;
 - leadership abilities
4. Other information considered:
 - School-Based Resource Team recommendations

If you would like to provide input into this process, families may wish to complete a [Placement Input Form](#). **THIS IS OPTIONAL. It is not necessary to complete the form;** many hours and great care are taken around the placement of every child to honour their individual learning style and create the best learning environment for all children. Please note that we will take into consideration Placement Input Forms, but it may not be possible to meet all requests. Our goal is to meet the needs of all students at Gleneagles Ch’axáy in order to maximize their growth as learners. We appreciate your support in this complex, multi-level process of arranging educationally sound and balanced classes.

Forms will not be accepted after **May 30th, 2025**.
