GEC PAC Meeting

The minutes from last week's PAC meeting can be found [here](#).

The next PAC meeting is scheduled for **Wednesday, February 18th** and will be held via Teams.

Hot Lunch Reminders

Don't forget that you can always access the Munch-A-Lunch system to edit an existing order or place a new order. Food will arrive at school for your child 2 weeks after you have placed an order. If you have any questions or require assistance with Hot Lunch, please contact Sonia or Russell at gechotlunch@gmail.com.

IMPORTANT: Don't forget that your child requires cutlery at school for their lunches as our vendors do not provide cutlery. Also, please consider packing a Ziploc bag for your child so that this can be used to pack extra food items to bring home. We are finding that food items are sometimes spilling in backpacks and kids are struggling with having to bring messy food items home.

Place your orders here: [GEC Munch-A-Lunch](#)

Traffic Reminders

We understand that parking is limited, and that drop-off and pick-up logistics can be challenging. Parents are asked to keep the following guidelines in mind:

- Please have your child use the cross walk (do not cross in the middle of the street)
- Please do not have your car running/idling as you are waiting. Consider our environment and turn off your engine
- Do not park in the bus zone, please use designated parking spots
- Please consider walking to school to pick up your child if possible or use the lot at the community center and walk up for pick up to help with vehicle congestion.

Mrs. Hulme has been in contact with the city of West Van and the Ministry of Transportation and has been informed that the parking lot located under the overpass will remain closed for the foreseeable future due to safety concerns. Thank you for your cooperation and understanding with our limited parking availability at this time.

LIONS BAY NEWS

Spirit Day

The next spirit day will be held on **Thursday, January 29th**. Our grade 3 students have decided that it is "Opposite Day"! Students are invited to come to school dressed in clothes backwards, inside out, mismatched shoes, summer clothes in winter, or dress like a teacher instead of a student. We look forward to saying "goodbye" instead of hello in the morning, and more. 😊

Lights, Camera, Students!

We're so excited to share our brand-new school promotional video—brought to life by the incredible voices of our Grade 3 students! We hope we've captured the energy, warmth, and spirit of our school, and we couldn't be prouder. The video can be found on the homepage of our school website. Be sure to give it a watch—it's a joyful glimpse into our community, told through the voices of our learners.

Cybersecurity, Artificial Intelligence and Quantum Computing is a hands-on, project-based course offered to students who are attending Rockridge, Sentinel or West Van Secondary. Students learn the theory and apply it to practical projects in the fields of Cybersecurity, Artificial Intelligence and Quantum Computing. They also have an opportunity to prepare for external certifications in Cybersecurity, Networking, Internet of Things, Programming, CompTIA, and Data Science. Students can participate in local, national, and international competitions such as **CyberPatriot** (<https://www.uscyberpatriot.org/>), **Young Defenders of the North** (<https://www.instagram.com/p/DHqs2PtM4Dw/>), **picoCTF** (<https://picoctf.org/>) from Carnegie Mellon University, **Quantum Arcade Game Jam** (<https://knowledgeflow.org/initiative/ubcs-year-of-quantum-arcade-game-jam/>) from UBC, and others. The course aims at helping students prepare material they can use for university applications.
