Information, Request, Reminders	
<p>SUMMARY OF LEARNING *REPORT CARD CHANGES*</p>	<p>On Thursday, June 27th, families will receive a Summary of Learning document, similar to a report card. Unlike the Learning Updates of Terms One and Two, <u>this report is a summary of the progress your child has made this school year and the performance descriptors (Emerging,</u></p>

Developing, Proficient, or Extending) indicate your child’s ability after the school year. Because the summary captures the entire school year, it is focused on the skills and competencies that students developed throughout the year rather than the knowledge and understandings that are typically developed in each subject area each term. BC’s Curriculum has a “Know, Understand, Do” model, and the focus of the Summary of Learning is therefore on the “Do”: what can your child do, and how independently can they do it. You can get a sense of what students know and understand from Term Three through student-led conferences and work they have brought home.

You will receive an email on June 27th with a link to the MyEd. Family Portal. This is how you have accessed previous reports.
