TYPING PAL SCHOOL EDITION

What is it? Typing Pal

School Edition is a web-based application that encourages keyboarding practice for students, from beginner to intermediate. We are making this available to all students from Kindergarten to Grade 9.

Students should go to the unique url for their school: [Typing Pal](#) and choose “Log in with Google.” If students have more than one Google account, they will be asked to choose their account - they should choose the school one.

When students first log in they are prompted to take a diagnostic type of test that will give the program an idea of where to start them. From there, the program will cater to each students’ speed/ability.

WEST VANCOUVER FOOD SECURITY PLAN

As part of the Ministry of Education and Childcare [Feeding Futures initiative](#), the West Vancouver School District has established a food security structure to confidentially assist students and families. The West Vancouver School District Food Security Plan will help students and families by providing confidential financial support for families facing food insecurity. Families are encouraged to reach out directly to their school principal (blloyd@wvschools.ca) or to feedingfutures@wvschools.ca if they need support with food-related costs.

Please be assured that all requests will be addressed with sensitivity, respect, and confidentiality
