

This example letter is a simple, honest letter in everyday English. It is the type of letter we would expect from a 15-year-old international student with beginner to intermediate English skills. It shows sincerity and effort, without using difficult words or complex grammar.

Dear Admissions Committee,

My name is Adimentsua Ikasle. I am 14 years old, and I live in Hiri Txikia with my parents, Ama and Aita, and our dog, Txakurkumea. I am very happy to write this letter because I want to study at West Vancouver Schools in Canada.

I want to study in Canada because I can learn English and experience a different culture. I chose West Vancouver Schools because I heard it is a safe place with good teachers and many activities. I also like that the school is close to nature and the ocean.

In my country, I study Grade 9. My best subjects are math and art. I like to work hard in school, and I also enjoy learning new things.

Outside of school, I like drawing, playing volleyball, and walking with my dog. I also help my parents cook dinner sometimes. I want to join school clubs and meet new friends in Canada.

In the future, I want to go to university and maybe study design or business. I think studying at West Vancouver Schools will help me become more confident and help me prepare for my future.

Thank you very much for reading my letter. I hope I can study at your school soon.

Sincerely,

Adimentsua
