

Welcome to the **Fun Food Program** at Lions Bay School. This is the *primary fundraising* opportunity that we have as the Parent Advisory Committee (PAC). Fun Food will run **every Wednesday** and **every second Friday** starting on September 23<sup>rd</sup>, 2015.

This fall we will be offering a number of homemade, healthy options to our students, which meet the BC Ministry of Health's guidelines for eating healthy in schools. A hot or cold main course and dessert will be served on the meal days you sign up for. Don't forget those water bottles!

To make this program work, we really need **VOLUNTEERS** to help serve the meals (we have already secured all of our home cooks!). I will post a sign up volunteer sheet outside the main entrance doors at the school for everyone to sign up for some days to help out. We need at least one person on each 'shift' who has a Foodsafe Certification. If you are interested in obtaining Foodsafe, please let me know and the PAC would help to absorb the cost of this one-day course. If you have it already and are interested in serving, please let me know, as it's good to have a list of who has Foodsafe.

**Munch a Lunch** is the local program we use to keep track of our orders and payments. It is a very user-friendly site with exceptional customer service. Just follow the steps while putting in your order and contact me if you have **any** questions.
