Thoroughly enjoyed speaking to the Political Studies 12 class at [@RockridgeSS](#) last week. These bright young students have been exploring the increased risks of extreme weather events due to climate change. They even developed their own emergency flood plan! [#WestVan](#)

Today [@RockridgeSS](#) Political Studies 12 students peppered MP [@PatrickBWeiler](#) with questions about climate change, environmental law, and aboriginal law. Thank You for such an engaging morning!

Ms.Selzer's class was buzzing last week with two different political figure guest speakers.

Unique learning opportunities have made the end of this first semester both busy and engaging. Mr. Dickinson and Ms. Kashani's ESP students had a special field trip last week (left) while Ms. Riahi's French students had an authentic opportunity to use their language skills with the arrival of a Crepe Food Truck this week.

Ms. Coulthard and the Kanata Club helped us celebrate and recognize the Lunar New Year. There are decorations throughout the school and a special display in our main entrance.

Rockridge Science Fair

Ms. Brady and Mr. Lawson's Grade 8 students showcased their scientific process learning with a special Science Fair on Tuesday. Parents, Superintendent Kennedy, Trustee Block and classes from West Bay, Eagle Harbour and Caulfeild filled the west wing and helped create a very successful presentation of learning.

An example of some of the real life learning experienced through our clubs. Paramedics provided an engaging visit this week that was arranged by Mr. Ahmelich.

Mr. Thomson's tours to our family of schools Grade 7 students continues this week to support a successful transition to Rockridge this fall.
