Cybersafe from Exploitation

Parent Presentation

What does exploitation have to do with cyber safety?

Most often times referred to as "sexual exploitation", it involves a minor being taken advantage of sexually. The majority of sexual exploitation is now facilitated digitally through gaming platforms, social media, love stream, and more. Forms of online sexual exploitation include grooming by predatory people, digital blackmail, intimate image sharing, or sugar daddy scams.

What you'll learn:

Our approach to cyber safety is to address the root causes that would lead to exploitation, as well as provide tangible strategies to break down vulnerabilities that would lead children and youth into online sexual exploitation. Some topics covered include:

- Defining sexual exploitation and why online poses more risk
- Current online exploitation trends
- Effective language to use when talking to kids/ teens
- The red flags and warning signs of grooming
- Sexting, digital consent, and the law
- Digital blackmail into sextortion, trends, and what to do
- Information sharing- What is and is not okay
- High risk behaviours on social media platforms
- Addressing risks associated with online gaming platforms
- Age of consent laws and how they can help you as a parent
- How to have effective conversations with your child/ teen
