

80 students and their parents/guardians attended the McMaster University information night at Rockridge on Monday this week. Members of many of the faculties were on hand to share information and answer questions from the guests. Many thanks to our Rockridge Careers department for arranging this event - Ms. Alldred, Ms. Kashani, Ms. Ferrajohn.

Students dressed up and debating during a simulation of the Salem Witch Trials as part of their *Crucible* Unit for AP Literature 12.

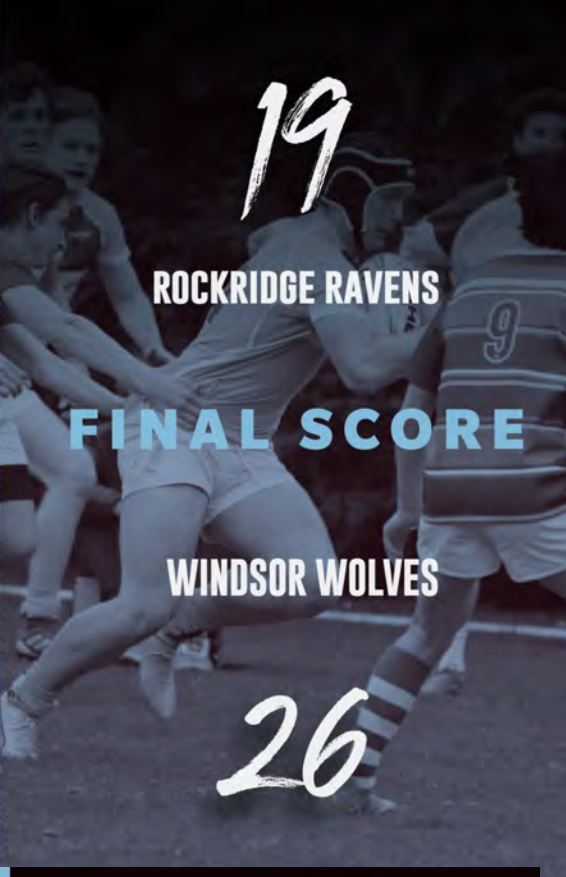

It was a great day for racing Wednesday and the team gave it their all in the opening race of the season. A top result goes to Aiden Neill in the Senior category, slicing his way into the top 20. Up next we have an exciting new course at Seymour next Wednesday.
