

West Vancouver Schools hosted another VERY successful Canadian Universities Event last night at WVSS with over 600 in attendance from WVSS/Sentinel/Rockridge and Collingwood. Parents/students and university reps were very happy with the CUE turnout. Big thanks to all the volunteers who did such an amazing job of organizing this event!

Rockridge Volleyball Program Event held last week. It was a fantastic night and it bonded the entire program.

Congratulations and thanks to Athletic Director, Moreno Stefanon for his time and dedication in making this such a great night. The girls and parents also appreciated this exciting start to our season.

Pride PLUNGE

SATURDAY, SEPTEMBER 21
8:00 PM - 11:00 PM

Parent & Guardian's Guide to Personal Digital Devices

Personal Digital Devices include any personal electronic device that can be used to communicate or to access the Internet, such as cell phones, phones, laptops, tablets, smartwatches and any other portable technology device.

Laptops are the preferred device for school use.

While digital devices can enhance learning in many ways, allowing students to collaborate, create and communicate, it is important that they are used in a mindful and meaningful way.

Personal digital devices should only be used with the permission of a teacher or administrator. Additional considerations will be made to provide for student's health and accessibility needs, and accommodation requirements.

Elementary

Cell phones should NOT be used in elementary school.

Secondary

Cell phones should only be used in class if specifically required for a learning task

What can parents and guardians do to help?

- Understand the digital device expectations at your child's school
- Support and encourage your child's appropriate use of digital devices
- Refrain from contacting your child during the school day. If it's an emergency, contact the school office
- Personally model and encourage digital device limitations (boundaries?)

It is important to our staff to keep parents informed about expectations around Personal Digital Devices. To date, students and staff have worked together to raise the expectations around PDD which has translated to more engaged classrooms. Thank you for continuing to have these conversations at home and providing structure to manage screen time with our students at home too.
