The annual International Lunch was held last Friday and was another remarkable success with students sharing their culture and a very special meal. Thank you to our organizers Ms. Coulthard and the Kanata Club for planning and hosting this special multicultural event. To the many families who took time to prepare food for this special event we are truly grateful for your generosity. Finally, Jackson K. thank you for providing such wonderful live music through your voice and guitar.

Sometimes the little things make a big difference. If you visit our field you will find all the benches around the exterior have had the seats replaced with new cedar boards. Thank you to our district facilities carpenters who helped source, mill and install these new benches for the spring!

-WARREN BEI
ROCKRIDGE SECONDARY

“When I’m completely stuck on a problem I tend to leave it and think about it later. Sometimes, when I’m stuck and I find the solution, I force myself to understand why the solution should have been obvious – this is really helpful because it helps me develop my intuition for problem solving and how it should work, and it gives me new ideas.”

-WARREN BEI

If you follow the West Vancouver Schools Instagram page you may have seen the post about our very own Warren Bei from the Rockridge Grad Class of 2025 notably achieving gold again in the Canadian Math Olympiad. In addition, he was awarded the Matthew Brennan Award for Best CMO Solution. Warren is working to qualify for the Canadian Mathematical Olympiad team, where he will participate in the International Mathematical Olympiad taking place this year on the Sunshine Coast, Queensland, Australia.

GETTING BUSY: We have recently had an addition to our school garden. Christian C. - Grade 10 student at Rockridge is leading a new club that requires an incredible level of knowledge and expertise in the field of *apiculture* which refers to the practice of raising and managing bee colonies in beehives.
