

"Congratulations to our Grade 8 scientists for completing their Year End Investigations at the **3rd Annual Rockridge Science Fair!** We were delighted to welcome family members that were able to attend, as well as, classes from Gleneagles and Caulfeild. Your curiosity and creativity helped you explore and answer big questions about the world around you! ~ Never stop asking, testing, and discovering!"

Rockridge's Alexander T (far right) and his team won the "Build Award" at the recent World Robotic Championships in Dallas.

Teachers have been submitting photos to our ROPAC to share how their PAC Wish List funds have supported student learning this year. This is an example from Ms. Donald sharing students in Photography 11/12 and Photography club enjoying the cameras and printer that the ROPAC funds so generously donated to our programs. Look for more photos and information over the next month of how the Rockridge PAC has made a difference once again for our staff and students this year.

The Rockridge Golf Team continued their march to Provincials with a qualifying result at the Vancouver Sea to Sky Golf Championships. Led by Roman (77), Ryland (79) and Charlie (79) they finished in a tie for 2nd overall in a strong field which included the defending Provincial Champions.
