Harnessing Hope: Reframing How Our Children See the World

Join us for an evening with Dr. Graeme Mitchell—award-winning educator and global speaker—who is transforming how we raise and teach the next generation.

In his keynote, Harnessing Hope, Dr. Mitchell explores how fear-based messages—especially on social media—shape our children's outlook, and how fact-based optimism, storytelling and connection can shift it. Drawing on two decades of classroom experience, he offers parents practical tools to foster confidence, curiosity and hope at home.

Tuesday, September 23

6:30 - 8:00 PM
