## KINDERGARTEN STUDENTS BUSY AND HAVING FUN BUILDING THOSE SOCIAL SKILLS

While playing Jumbo Jenga, Kindergarten students developed important social skills. As they gathered around the tower, they practiced taking turns, encouraging each other, and waiting patiently for their chance to remove a block. This required self-control and respect for others, especially with such an exciting game that they were so eager to play. The students showed good sportsmanship by encouraging their peers and responding positively whether the tower stayed standing or fell. Playing games helps build cooperation, communication, and empathy.

### A PROBLEM WITH SOLUTIONS

It takes way too long for parents to pick up their children after school. Fortunately, this problem is solvable. The most helpful are:

1. Please pull up as far as you can to pick up your child so cars behind you can do the same.
2. If you absolutely have to get out of your car, please wait until you are in the furthest spot forward so you are not in the way.
3. Please remind your child (we'll do the same) to be ready for you: they are looking for your car and have their backpack ready.

### DROP-OFF AND PICK-UP

Please ensure you pull as far forward as possible to avoid a backlog behind you. If you need to get out to look for your child, wait until you are in spots 1 or 2.

### PARKING DOS AND DON'TS

Click [HERE](#) for more information.

**ONLY Kindergarten families are permitted to park in the upper field lot at the beginning and end of the school day. Please display your K decal.**

### VOLUNTARY ABSENCES FROM SCHOOL

Please understand that if you are choosing to take extended holidays when classes are in session, teachers cannot replicate the learning that happens within the classroom and are not able to provide online learning opportunities.

Our teachers do their very best to support students during required absences due to illness, however, when the absence is voluntary and a family's choice (such as extending a weekend, holiday, or vacation), it is a family's responsibility to maintain academic learning at home.

Please take time to read with your child, have them write in a "holiday" journal, do Math IXL online, participate in any assignments shared via Google Classroom (intermediate students), and take advantage of other emergent opportunities to practise foundational skills (e.g. following instructions and using math while cooking).

Families may email their child's teacher(s) to see if there is other work their child can do, however, our teachers' energy and focus continues to be on the learning of students within the classroom

### Personal Digital Device Use

We ask families to support a learning-focused approach to technology at school by refraining from using your mobile phone when on the school grounds. When children see others on phones, they are drawn to theirs too. Further information on our School District's policy regarding personal digital device use can be found [here](#) and parent resource infographics on social media use are [here](#).

### Personal Digital Device Use

7:50 AM – 8:50 AM Student Arrival	Students can send text messages and make phone calls on their mobile phone.  Students cannot play video games, use social media, take or view photos or videos, listen to music, etc. No laptop or tablet use.
8:50 AM – 2:50 PM + School Events	Students are only allowed to use their device when given permission by a staff member and are supervised by a staff member.  Devices are to be stored in silent mode or off.
2:50-3:50 PM Student Departure	Students can send text messages and make phone calls on their mobile phone.  Students cannot play video games, use social media, take or view photos or videos, listen to music, etc. No laptop or tablet use.

As part of the Ministry of Education and Childcare [Feeding Futures initiative](#), the West Vancouver School District has established a food security structure to confidentially assist students and families.

The West Vancouver School District Food Security Plan will help students and families by providing confidential financial support for families facing food insecurity. Families are encouraged to reach out directly to their school principal or to [feedingfutures@wvschools.ca](mailto:feedingfutures@wvschools.ca) if they need support with food-related costs. Please be assured that all requests will be addressed with sensitivity, respect, and confidentiality.
