[District Website](#)

Returning to Westcot for the 2025 – 2026 School Year? As we are currently accepting new registrations for the 2025-26 school year, we are trying to predict as closely as possible whether or not we have room for those new students interested in joining our school. We understand that job transfers happen and relocations can occur without much notice however, please indicate to the best of your knowledge whether your child will not be returning to us in September (and we certainly hope he/she will be!). This will greatly assist us in knowing how many spaces are available. If you know you will not be returning to Westcot please let Ms. Satchell know in writing as soon as possible. rsatchell@wvschools.ca

Please note that if you are planning to return to Westcot, students are expected to be present (at school) by September 4, 2025 to guarantee their spot for the 2025 - 2026.

EduPac School Supplies for 2025-2026 By now you will have received an email about purchasing School Supplies through EduPac. You can also find the lists on the school website under "[Publications](#)". Our Westcot passcode is 4509. Ordering deadline is May 31st.

Parent's Guide to Snapchat

General Information

Snapchat is a social media app where people share photos, videos and messages. It also has a location feature and now has AI built in.

13 Snapchat's own policy states that users must be 13 or older. For a person who is younger than 13 to create a Snapchat account, they have LIED about their age.

Unfortunately, students as young as 10 and 11 years have gotten caught up in cyber- bullying and sexploitation on Snapchat

Disappearing Snaps

Messages and images (snaps) get deleted after being viewed (or 24 hours after being sent). But there are ways people can screen shot snaps and continue to share around the world.

"Friends"

People you connect with on Snapchat are called "friends" but the app itself will push you to connect with people you do not know. This is not safe.

Did You Know?

In Canada, cyberbullying and child pornography can be criminal offenses. If your child participates in either of these, while using Snapchat (or other social media), you, as the parent, can be held liable for what they have done, and be prosecuted by law.

Snapchat at School

West Vancouver Schools DOES NOT allow students to access SnapChat while using school wifi.

Digital Citizenship Dialogue

As part of a new series on digital citizenship, West Vancouver School District will be sharing best practices for parents/caregivers on popular social media platforms.

First up: **Snapchat**.

Check out this important information to learn how to help your child stay safe and informed online.

If your child is under 13

- They **SHOULD NOT** be using Snapchat
- As soon as they enter school grounds, their phone should be put away and not brought out again until they leave school grounds
- Consider holding off on getting them a phone as long as possible and if you do get them a phone, make sure you rules and guidelines over its use.

Did you know?

- Snapchat has gamified many of its features, in order to appeal to younger users. Snapstreaks and snapscore are two ways to keep kids interested in the app.
- Snapchat is used by drug dealers and sexual predators as a way to "friend" and then access young people.
- Snapmap allows people to show others exactly where they are. This can be dangerous.
- The "Discover" section of Snapchat can expose students to inappropriate content.

If your child has Snapchat

- Make sure they are old enough to be on it - remember, at least 13!!
- Make sure your are one of their "friends" and monitor their account
- Talk to them about their Snapchat use on a regular basis
- Make sure they know how to block and report users and content
- Familiarize yourself with all of the settings and features then talk to your child about safety and your family values and rules
- Remember, **YOU** are the adult! If your child is not using their phone safely, you can take it away or shut off their data.
