4. X (Block) Marks the Spot!

X-Block is instructional time on Tuesday and Thursday afternoons. Students are expected to be in a supervised learning space during X-Block. The concept of X-Block is intended to:

- Provide students with choice, voice, and flexibility with their learning
- Offer opportunities to complete assignments, study, collaborate with peers, or engage in a personal area of interest.
- Provide flexible learning environments for all, acknowledging that learning can take place in a variety of places and in a variety of ways.
- Support student time management and organization, by providing an opportunity for students to practice these skills with the guidance of teachers.
- Provide time and space for teacher-enriched learning opportunities, special events and Academies

Teachers may require students to attend a specific X block time to complete assignments, assessments, and receive extra help. We continue to encourage students with the support of parents and guardians to plan ahead and use their time wisely.
