### **4. Personal Digital Device Expectations**

As we reflect on the first four months of the school year, we're proud to recognize the progress we've made together in implementing our Personal Digital Device (PDD) expectations. Thanks to the collective efforts of our students, families, and staff, we've seen a significant improvement in how digital devices are used in our schools. This has

fostered more focused and engaged learning environments, aligning with our shared goal of supporting student success.

This success would not have been possible without everyone's ongoing support and commitment. While we celebrate these strides, it's important that we remain consistent in maintaining these expectations and continue to remind and support students to ensure this positive momentum is sustained.

### **Why We're Doing This**

The purpose of these expectations is to minimize distractions and maximize learning opportunities. Digital devices, when used appropriately, are powerful tools for collaboration, creativity, and communication. However, ensuring they don't interrupt instructional time or disrupt the learning environment remains a priority.

### **What You Can Continue to Do**

Here are some ways families can help reinforce these expectations at home:

1. Celebrate Progress -Acknowledge your child's efforts in adhering to the guidelines and discuss how this has positively impacted their focus and learning.
2. Reinforce Healthy Habits - Continue encouraging a balanced approach to device use at home by promoting activities like reading, outdoor play, and family time.
3. Model Consistency - Show your support by modeling mindful device use when on the school grounds or in the school building AND during shared family time.
4. Support School Communication - Please avoid contacting your child during instructional time, this includes communication through phones and smartwatches. Remind them that non-urgent messages can wait until after school. If urgent communication is needed, please contact the school office.
5. Stay Engaged - Revisit the Parent/Guardian Guide to Personal Digital Devices to refresh your understanding of the expectations and discuss them with your child.

Thank you for your partnership and continued support in making this initiative a success.

## **5. Toy/Gift Card Drive:**

Each year, WVSS partners with the Family Services North Shore and donates items to help those less fortunate in our neighbouring community. If your family is able to contribute to this toy/gift card drive, please consider doing so. Your kindness and generosity are much appreciated.

### **What can families donate?**

- New, unwrapped toys
- Tween/teen gift cards (please indicate amount of gift card)
- Grocery gift cards (please indicate amount of gift card)
- New, full-sized, unopened personal care items such as shampoo, conditioner, body wash, toothpaste/toothbrushes, deodorant

### **Where do students bring donations?**

**Parents/Guardians/Student Drivers:** This is an important reminder to practice safe and legal driving on Mathers and Inglewood Avenue. **U-turns, speeding, stopping in the middle of the road to drop off a student are illegal.** We have seen far too many people not follow the proper driving rules and we are very concerned an accident will take place.
