West Vancouver Schools Personal Digital Device Update

As we begin the new year, we are asking all students and families to recommit to reducing cell phone use and to the school district's Personal Digital Device expectations. Consistent routines after the break help students re-engage quickly, keep instruction on track, and reduce distractions in shared spaces.

Expectations at a glance:

- Cell phones and other digital devices should only be used during instructional time with explicit staff permission. Device use should be intentional, supervised, and tied to learning.

Family actions that make a difference:

- Minimize adult cell phone use in and around school
- Refrain from sending your child texts or calls during the school day; contact the office for urgent needs only.
- Review the school district's guidelines for personal digital device expectations.
- Help your child understand that when schoolwork requires technology that they need to choose a laptop over a phone as it helps to reduce distractions and support learning

For a one-page overview of expectations, [see our Parent & Guardian Infographic](#). Thank you for working with us to uphold these important expectations.
