

## MEDIA, DIGITAL MEDIA AND VIDEO RELEASE – PARENTAL CONSENT

It is WVSD's tradition to allow district staff and the media to photograph and film individual students, and groups of students, to commemorate events and to promote various educational, sports and cultural events that take place in the district. While images of students add to the community life of our schools, they are not required for educational purposes. As such, consent for the release of your child's name, image and comments is required. Students' names, images and comments may be published in the school yearbook, newsletters, or digital media and, on occasion, in school district publications, annual report, digital media or in the news media.

I give consent for the publication of my child's name, image and comments for purposes consistent with the above.
