Dear Strong Start Families,

Welcome back to another great year at Eagle Harbour and Hollyburn **StrongStart!** We are looking forward to working together in the new school year as we continue to support the growth and development of our youngest learners in our community.

**StrongStart** is a British Columbia Ministry of Education early learning program. **StrongStart** early learning programs provide school-based early learning services for adults and their young children, aged birth to five, at no cost to families. Both children and adults can benefit from **StrongStart** BC early learning programs – children have access to high-quality learning environments and benefit from social interactions while the adults who accompany them learn new ways to support learning, both at the program and at home.

**StrongStart** in the West Vancouver School District provides a wonderful opportunity for social-emotional and language-literacy development, two key developmental areas in early learning for children under five years of age. To ensure this opportunity is available for all our students the program is delivered in the English language, and therefore is a wonderful opportunity for language growth for both children and parents. English is the spoken language during **StrongStart** instructional time; we therefore encourage all families to use this time as an opportunity to learn in a structured and supported environment. If families need language supports, these are available and will be arranged.

**StrongStart** registration forms **must be** filled out prior to a child attending the program. Registration forms are available at both our **StrongStart** sites and on-line at [www.sd45.bc.ca](http://www.sd45.bc.ca) on the school webpage (select Eagle Harbour Montessori or Hollyburn Elementary, then click on the **StrongStart** tab). Please note that families may not attend **StrongStart** until the registration forms are submitted, the emergency information provided on these forms must be processed prior to participation.

Due to safety/fire regulations we do have physical limits on classroom space, therefore we must adhere to the specific school based sign in policies. All British Columbia **StrongStart** Ministry of Education programs are drop in programs, which operate on 'first come-sign in basis'. Please note that at both of our West Vancouver **StrongStart** sites, we have created the following schedules to ensure the safest learning environments for our children.

A new addition to our community early learning programs in West Vancouver is the **Properties Family Hub** located in the British Properties (on the grounds of Chartwell Elementary, in the portable). This new Family Hub offers a variety of programs *for all ages at no cost or low cost* to families participating. For a complete program schedule, please visit [www.sd45.bc.ca](http://www.sd45.bc.ca).

Please feel free to contact me [sshortall@wvschools.ca](mailto:sshortall@wvschools.ca) directly with any questions you may have. Again, welcome to **StrongStart** and thank you for your interest in our early learning programs in the West Vancouver School District.

Sincerely,
