## **AP 402 – COVID-19 Procedures and Protocols**

The Health and Safety of West Vancouver Schools employees, students, families and community at large is paramount in all that we do during the COVID-19 pandemic.

West Vancouver Schools created a district COVID-19 Safety Plan which is posted on its website and available at each site within the School District. The Safety Plan is a living document subject to regular updates and modifications.

The Safety Plan embodies the Guidelines produced by the BC Centre for Disease Control; the Provincial Health Officer; the Ministry of Education and WorkSafeBC.

Each site may also have an appendix to the Plan outlining specific protocols for that particular site (e.g. occupancy limits for certain areas in the building).
