SUPPORT CHILDREN'S
K - 12 PEER
RELATIONSHIPS**

**PLEASE JOIN US FOR AN
EVENING WITH DIANA
DIVECHA, PH.D**

Children's relationships with their peers are crucial anchors of their wellbeing in every phase of development. What does the science show about how families and schools can foster supportive relationships at different ages? What's normal, and when should we help? How can we prevent or help kids recover from harmful relationship experiences?

We will hear from an expert who can offer practical advice and explain the science behind how families and schools can foster supportive relationships at different ages.
