Password:

On initial log in, users will be required to change the temporary password before they can proceed. Passwords must meet the following criteria:

- Minimum length is 8
- At least one number
- At least one capital and lowercase letter
- At least one symbol that is not a letter or number
- Cannot contain 'password', login name, first name, middle name, last name, date of birth, personal id, or only sequential letters or numbers.

Enter your temporary password into the Current Password field, enter a New Password, Confirm New Password, and click OK.

Note: an error message will appear if you have not used the password requirements listed to create a new password.

Your password has expired, please create new one

Confirm New Password

OK **Cancel**

Security Preferences:

After creating your password, you will be prompted to confirm your email address and enter your **Security Preferences** by choosing a security question and answer. This will enable you to use the '[Trouble logging in?](#)' then '[Reset your password](#)' function on the login screen.

- Primary email – confirm or enter the user email that will be used for password recovery
- Security question – select a question from the dropdown list
- Security answer – enter the answer to the selected question
- Confirm answer – enter the answer to the selected security question a second time

Security Preference Update

To enable self serve password recovery, please provide the following information

Primary Email

Security Question

Security Answer

Confirm Security Answer

Submit **Close**

Setting Up Preferences:

After you have successfully logged in, you can make changes to your preferences by selecting the drop-down arrow beside your name and **'Set Preferences'** in the top right of the screen.

Security Information:

From the security tab you can update your email address, security question, and password.

Trouble Logging In:

You can now retrieve your Login ID and reset or retrieve your existing password by selecting 'Trouble logging in'.

Trouble logging in

[Retrieve your Login ID](#) if you want to retrieve your Login ID.

[Reset your password](#) if you have forgotten your password.
