Feeding Futures 2026-27

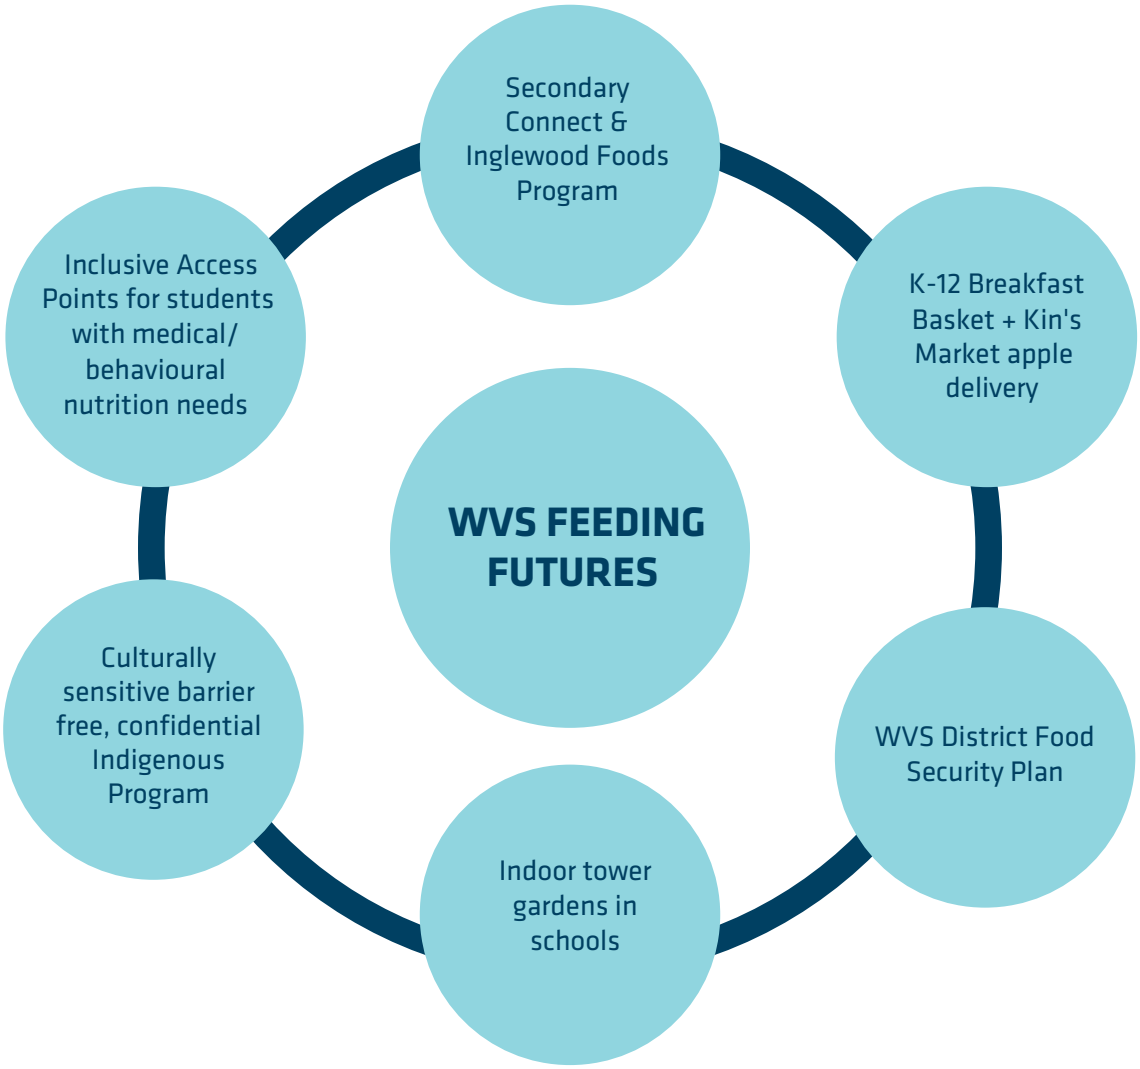

WEST VANCOUVER SCHOOLS

Rationale:

- Food insecurity in schools is a reflection of food insecurity in the surrounding community
- Food insecurity negatively impacts a child's academic and health outcomes.
- Schools are to ensure students are properly fed to improve student academics and health

MoECC Mandate:

- Provincial consistency and equity
- Improve affordability & reduce poverty
- Prioritize B.C and locally produced food
- Create educational plans and instructional programs that focus on equity & well-being for all
